SUMMARY

Dedicated Information Technology professional and current Melbourne Polytechnic employee with hands-on experience in Moodle course development and end-user support. Proven ability to translate academic requirements into functional online learning environments while providing efficient troubleshooting for staff and students. Combines a Diploma of Information Technology with a background in customer service to deliver high-quality learning outcomes, technical support, and stakeholder engagement.

PROFESSIONAL EXPERIENCE

- E-Learning Support Officer**
Melbourne Polytechnic • Fairfield, VIC
Jun 2025 – Jun 2026
- Collaborated directly with academic staff to build and configure high-quality Moodle course sites, with both static and interactive content, ensuring syllabus material is structured effectively and meets curriculum requirements.
 - Acted as a point of contact for staff and students to diagnose and resolve access issues, navigation errors, and usability challenges within the LMS environment.
 - Conducted thorough testing of online learning materials to ensure cross-device functionality and accessibility compliance.
 - Leveraged HTML and CSS knowledge to improve the visual presentation and user interface of course materials, ensuring a polished and professional user experience.
- Retail Sales Associate**
JB HiFi • Preston, VIC
JB HiFi • Sydney, NSW
Nov 2023 – Present
Oct 2015 – Apr 2023
- Collaborated effectively within diverse teams for over 10 years, cultivating a strong commitment to achieving team goals in dynamic settings.
 - Developed strong communication and problem-solving skills, translating user needs into effective technical and product solutions.
 - Demonstrated adaptability across various operational demands while maintaining high standards of customer service.

EDUCATION

- Bachelor of Information Technology**
Melbourne Polytechnic • Preston Campus
Feb 2026 – Oct 2027
- Diploma of Information Technology**
Melbourne Polytechnic • Preston Campus
Jul 2024 – Jun 2025
- Diploma of Sound Production**
North Sydney College of TAFE • St. Leonards Campus
Jun 2012 – Dec 2013

SKILLS

- **LMS Administration:** Practical knowledge of Moodle site configuration, user management, and plugin integration, developed through independent deployment and administration of self-hosted Moodle environments.
- **Educational Technology:** Practical experience in Moodle course construction and configuration; understanding of online usability and accessibility standards.
- **Web Development:** Proficient in HTML, CSS, JavaScript, Bootstrap, and React, with the ability to apply frontend skills to enhance learning content.
- **Technical Troubleshooting:** Strong problem-solving skills with a focus on diagnosing user-side issues and providing clear, non-technical resolutions.
- **Collaboration:** Experienced in working with diverse stakeholders to achieve project goals within a team environment.
